

Woodward Crossings Country Basics Presents the Jang Seeder

Singulates most seeds and larger coated seeds with quick change seed rolls.

Adjustable Handle (JP-1)—Horizontally and Vertically

See-Through Hopper

- Clear, durable plastic hopper allows you to see seeds.
- Quick release hopper makes it easy to empty and change rollers.
- Singulates and spaces small seeds accurately (This saves on seeds and thinning).
- Seed sizing provided on inside of hopper lid for easier roller selection.
- Hopper volume - .26 gal.
- No waste of leftover seeds.
- Works efficiently with large or small amounts of seeds in hopper.
- Uses special anti-abrasion plastic rollers to help prevent static electricity.

Accessories

Fertilizer Hopper

Double Disc Opener in lieu of the regular opener.

Ordered additionally.

Row Marker

Double Shoe -The Double Shoe will plant the seeds in Two Lines--2" apart. It is only used with the 24 hole roller -- The divider will drop the seed down each side thus creating 2 lines of 12 holes.

Spreading Shoes— . 2 1/3", 3", and 4 3/4" creates three different widths of the furrow.
